## May 15 Sunday

This event will offer a 30 point score orienteering course with a one hour time limit. Scoring will be kept simple - all controls worth a point, one point lost for being over the hour and another point for each minute over an hour. Due to the nature of the terrain, the score course should be equally suitable for beginners and advanced orienteers - there will therefore be no separate beginner courses. Note: this event will not use electronic punching. Dust off your control card holder if you've got one.
