

## QOC Members at World Deaf Orienteering Championships

Tom Wells and Mark and Patricia Mace are currently competing at the second World Deaf Orienteering Championships in Cherkasy, Ukraine. Mark and Patricia competed at the previous WDOC; it's Tom's first time. We wish them all well in their remaining races, the middle and long distance events this Wednesday and Friday (the sprint having just taken place today). Results should be available promptly after each event on the [WDOC web site](#) [2]. Checking out the [USA Deaf Orienteering web site](#) [3] should also yield something in the days to come, although it looks as though other priorities have won out over getting on line so far.
