November 15
Sunday

The Mid-Atlantic Champs pit QOC against neighboring clubs DVOA, SVO, and WPOC. All QOC members are encouraged to come help us at the very least win the most points for participation!

Registration is now closed, and was mandatory. There will be no day-of registration at the event. The Orienteering USA affiliated club with the highest number of points overall, based on placement in each classic course + participation + team relay results, wins the Broken Compass Award. [Full rules are [here](#) [2].] This year the event will be hosted by QOC at Rosaryville State Park, just southeast of the DC beltway in Prince Georges County, Maryland (driving directions are below).

Course stats and course setter comments for the classic (white through blue) and relay legs are posted below.

To view past orienteering courses at Rosaryville, head to our [RouteGadget](#) [3] site, for example to the [April 2014](#) [4] event held here. A trail map from the Maryland Department of Natural Resources trail map PDF is also available [here](#) [5].

Relay Runners: We will have a Team Coordinator at the event collect team information from each club. The QOC Relay Team Coordinator is David Onkst - who requests all QOC orienteers to fill in [this form](#) [6] **ASAP**. We will post the names of the other club Team Coordinators as soon we know them. If all relay team members are running a classic course, there's no additional cost. If only running the relay, please [Contact Us](#) [7], providing your epunch and contact details, so we can invoice you before the event by PayPal.

Relay Course Details:

Leg 1 (intermediate/advanced): 2.3k, 55m climb, 7 controls

Leg 2 (beginner/intermediate): 1.6k, 45m climb, 7 controls; group start 40 min. after race start;

Leg 3 (advanced): 3.2k, 80m climb, 9 controls; group start 55 min. after race start.

New to orienteering? We will hold beginner clinics continuously during the event; just tell the friendly folks at registration if you'd like to be in one and they'll take care of you. Also, make sure to check out our [Your First Event](#) [8] and [For Beginners](#) [9] webpages, and if they don't answer any question you have, just use our [Contact Us](#) [7] form and ask away.

Traffic Warning! There will be a football game at [FedEx Field](#) [10] at 1pm that could severely impact I-495 traffic. Heaviest traffic is usually from 11am until game time and then when the game ends around 4pm.

Have some extra time? Please contact our [Event Director](#) [11] if you've got time to volunteer for one of the following: (1) Relay Support - At least one more person to help Jay manage the relay, (2) Control Pickup - two non-Relay Runners (starting at 3 PM) + at least one more for after the relay, and (3) Grill Meister - One more volunteer to help cook hot dogs.
