

# Prince William Forest Classic Day Event

[ShareThis](#) [1]

**February 28  
Sunday**

Our PWF Weekend concludes with a regular day event open to all, followed by the QOC Winter Meeting & Potluck, also not only open to all and offering day-of "at event" registration, but also where we hope to see you!

The Orienteering: a complete set of courses (including beginner, intermediate and advanced courses), with details posted below. In case you are wondering, these courses are completely independent of the Night-O courses and don't share controls. Event timing will be our standard: register any time between 10:45 - 1:15, start between 11 - 1:30, and be done in time for our Winter Meeting or at least by 3pm.

**PARKING UPDATE:** Please be aware that the the popularity of our training weekend is putting a **severe** strain on the available parking. Please carpool if possible. Do not park on the park roads themselves (or you'll get a ticket). When arriving at the event, please follow the instructions of any parking volunteer and give yourself enough time to walk from what could be a quite remote parking area.

Starting at around 2pm, the QOC Winter Meeting and Potluck will take place. Come celebrate many of our recent volunteers and hear about upcoming events, activities and opportunities. Even if you're not running, come for the party. **Please bring your favorite dish/lunch food to share.** There is a refrigerator for our use, as well as a stove if you need to heat up your food (just be sure to bring your own cooking dishes/pots). You can also bring crock pots. QOC will provide paper goods, non-alcoholic drinks, and desserts. And of course we'll recognize volunteers and have some cool door prizes (must be present to win!).

And if you're interested in staying overnight Saturday in the group cabins (whether or not you run the Night-O on Saturday night), make sure to register in advance - see the details on the [Training Weekend](#) [2] webpage.

# Winter Potluck

---
