**September 8
Sunday**

Welcome to the third edition of Platformpalooza, an orienteering celebration of that rare in our area but nevertheless humble remnant of the era before fossil fuel dominance, the charcoal platform (a grassier than usual for this event Scottish exemplar of this trace of human impact on the landscape is pictured to the right). Thanks to course setter Sam Listwak, we now have extensive course notes (see below) for the six courses on offer for this event. Pre-registration is now open as well (link is below), and it is mandatory since the park does not allow us to collect fees. Speaking of collecting fees, we believe the park levies a per person entry fee - \$3 for MD residents, \$5 for out-of-staters, childrens in booster seats no charge. These fees may have increased. The park website also [warns](#) [2] of possible traffic issues due to construction and they also state that on crowded weekends they may turn away visitors at the gate. However, since we have a permitted event, you can tell the ranger on duty you are attending our event in order to be let in. Wondering who's registered? [Click here](#) [3]
