**November 22**  
**Sunday**

***Pre-registration is required and will open Monday Nov. 16 at noon (our permit has been approved!).  
There will not be day-of registration.***

Come out and enjoy a full set of courses designed by Mike and Pam Dvorsky on the updated Rosaryville map - also updated by them this fall - in this classic fall orienteering event at Rosaryville State Park, Maryland. (course stats and course setter comments below).

This event requires on-line pre-registration which will open on Monday, 16 November at 12 noon. QOC's [COVID risk reduction protocols](#) [2], as also enumerated [here](#) [3], are in effect. Please read these guidelines carefully, particularly keeping in mind the need for participants to bring their own water for all their hydration needs before, during, and after their runs/walks.

When you arrive, the map pick-up will be at pavilion # 2 North of the parking lot. The start, finish and download are all nearby (but appropriately distanced to avoid clusters of people). Please make an effort to click and move on from these sites as consideration to others.

The start location for beginner courses will be separate from the advanced courses to minimize contact. Beginner courses will start just north of the traffic circle / southwest of the parking lot, and advanced courses will start northeast of the parking lot.

In addition to our regular classic courses, this event will feature a different navigational challenge: Amateur Radio Direction Finding. In ARDF, you use directional radio receivers to locate beacons in the

woods. Learn more about the event [here](#) [4], and to register, click on [this link](#) [5], which will also become active at noon on Monday. [Friday evening note: cancellations have just opened up one 10am and one 12:30pm ARDF slot.]

Any youth or large groups attending, although you will be pre-registering online, please contact the [Event Director](#) [6] of your plans and numbers for his situational awareness.

Other points:

- **PROPERLY WORN MASKS ARE REQUIRED at all times when near registration and e-punch areas and their volunteers.**
- Water will not be provided in accordance with QOC COVID-19 risk reduction policies. Please plan for your own hydration needs before, during, and after your run/walk.
- We encourage everyone to download and use both the [Maryland](#) [7] and [Virginia](#) [8] COVID exposure notification apps on their mobile phones.
- Pets are permitted in the park but must be on the leash at all times.
- Port-a-johns will be on site.
- The size of start teams (groups of individuals orienteering together with one e-punch) on a course must be no more than four (4) individuals (juniors and adults combined).
- There is no planned, on-site beginner instruction, but beginners are encouraged to watch relevant videos such as [this one](#) [9] created by QOC's instructional guru David Onkst
