Register for the time that works best for you and plan to be there at least 15 minutes early to get checked in. You will learn the basics of orienteering from experienced instructors and then apply your newly acquired skills on one of two beginner-level orienteering courses. Participants can orienteer solo or in small groups of up to four people.

Everyone will have until 1:30 PM to complete their courses. Remember to download at our e-punch station even if you did not finish the course.

The only equipment you'll need to bring is active clothing/sportswear, a comfortable pair of athletic shoes, and a watch. Free loaner compasses will be available, but please bring your own if you have one. You will want to bring water, as there won't be any out on the courses or at the check- in area.

### The Courses

Both the White and Yellow courses are for beginners. They will follow linear features such as roads, trails, edges of fields, or streams. Checkpoints for the White course will be set on the linear feature. The longer Yellow course checkpoints will be placed either on or a short distance from linear features. Going off trail is allowed on both courses, but legs on the Yellow course are set to encourage it.
